

Motuihe Trust

formerly Motuihe Island Restoration Trust

Our vision: To restore, enhance and protect the indigenous flora and fauna and the significant historic sites of Motuihe, so that this island can offer an easily accessible and quality recreational and environmental experience to visitors.

Our goals:

Mammal pest-free island.

Control and eradication of weeds.

Revegetation of parts of the island.

Translocation of selected species of birds, lizards and other fauna.

Construction of tracks and board walks.

Provision of interpretive signage and a visitor centre.

Development of other opportunities to increase public use of the island.
